15 Odeon Street

If elegant comfort is what you want then 15 Odeon Street was made for you. Set in the lovely and affluent area of Brampton known as "The Chateaus in the Highlands of Castlemore" this majestic property features over seventy thousand dollars worth of high-end upgrades that truly set it apart from other homes. Ten and fifteen foot ceilings give the interior a feeling of grandeur while a skylight bathes the stunning oak staircase to the upper level in plenty of natural light. From the potlighting to the detailed mouldings to the top-notch finishes everything was carefully chosen to create a luxurious yet very comfortable setting. The exterior of the home is just as beautifully finished as the interior. The stone and brick façade is a handsome touch while the curved, remote-controlled doors to the double-car garage cleverly reflect the arches present in the front entrance in the roof detailing. Including such highly desirable facilities as central air and vacuum and an intercom system with camera, this executive property is indeed a rare treat.

An ample architectural with elegance and style

The foyer provides ample architectural interest with its asymmetrical half-columns delineating the principal rooms while superb hardwood floors give everything a rich glow. The formal living room and dining room are combined areas that share the same elegance and style although the dining room does include a dazzling chandelier to brighten your swanky soirées.

The kitchen is a striking area with lovely wood cabinets providing plenty of storage opportunities while exquisite granite countertops add glamour to this gourmet setting. A centre island makes a handy breakfast bar while the adjacent breakfast area is the ideal place for greeting the day.

A nearby walkout to the yard is also a convenient feature. The family room enjoys an airy open-concept and wonderful cathedral ceiling. With a gas fireplace and lovely mouldings this attractive room is very comfortably appointed.
